

Table Hosts=Supporters=Saved Lives

It's a simple calculation. The more people exposed to the work of Choices of the Heart, the more lives saved. Our banquet is the easiest way to expose others to our work and it's so simple. The success of our banquet is dependant upon the work of our table hosts. Table hosts invite 9 others besides themselves to attend our Gala on November 5th.

There is no charge for tickets. Our hosts simply invite guests to come and join them for dinner. Dinner is complimentary and our speakers and testimonies are amazing. There is always a time at the end of the meal for guests to make a pledge of support to the ministry. That can be anything from volunteering their time to being on our mail list or becoming a monthly partner.

I was informed recently that we couldn't make all the needed appointments for our clients because we were shorthanded. **It's hard for me to believe that we wouldn't be able to see clients because there are just not enough volunteers to help.** There are more that need us and fewer workers to meet the need. Which is what makes this dinner all the more important and why **I am looking for 100 people who will say yes to be a table host.**

Don't let your fears stop you from being a blessing to others. Here are some helpful answers to the usual concerns about table hosting:

I don't know enough people.

Let God do the work of getting the people. He brought the animals to the ark, he didn't have Noah go out and look for them.

What if I can't fill a table?

Don't concern yourself with the number. The goal is 10 at a table but there is no penalty for not reaching the goal. Usually, there is overflow at other tables and we may need available seating for those who did not come through a table host.

Do I have to pay for the costs of the table?

No. Your table is being paid for by underwriters who give to the ministry prior to the dinner. Your job is to fill the table only.

Who should I invite?

Anyone who is interested in the ministry of Choices of the Heart or has a heart for pro-life work is great to start with. Also, your pastor, church bible study group, neighbors, friends and even those who already support Choices so they can get updated and reignite their passion for the work of the ministry.

Will you be one of our 100 faithful and stand for those whom God has not forgotten?

If you say yes, you will be blessed eternally. Just call our office quickly so we can get you the proper materials.
